

Update Notes

New CDC guidelines were released on 7/25/20 for the required AOE prompt questions and the corresponding required responses. The updated information can be found on this link:

<https://www.cdc.gov/coronavirus/2019-ncov/lab/reporting-lab-data.html>

With the new requirements, we are going to postpone the 7/28/20 go-live of COVW and COVG. We will keep the current codes active and in production. COVWD and COV2G will not be inactivated until further notice.

Update Summary

DELAYED Go-LIVE	To be determined	COV2G - "SARS Coronavirus 2 IgG Antibody" replaced by COVG - "SARS Coronavirus 2 IgG Antibody"
DELAYED Go-LIVE	To be determined	COVWD - "SARS-COV-2 Qualitative" replaced by COVW - "SARS-CoV-2 Qualitative"
